RE: SET ASIDE PROGRAM

---

In order to generate business within the community, Chief and Council have implemented a policy, effective immediately to provide to all Peguis Band Members and Peguis Businesses a margin of up to 10% when bidding against non-band members program suppliers, service providers and other non-band businesses.

Chief and Council are confident that this added incentive will favour band members in the tendering process for the betterment of the community.

Yours truly,  
PEGUIS FIRST NATION
